

**HERITAGE PARK PROJECT –
PERPETUAL CARE FUND TRUST**

FINANCIAL STATEMENTS
December 31, 2024 and 2023

and

Report of Independent Auditors

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and the Management
HERITAGE PARK PROJECT –
PERPETUAL CARE FUND TRUST
Corporate Bldg., Bayani Road,
Fort Bonifacio, Taguig City

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **HERITAGE PARK PROJECT – PERPETUAL CARE FUND TRUST** (the Trust Fund), which comprise the statements of financial position as at December 31, 2024 and 2023, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Trust Fund as at December 31, 2024 and 2023, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Trust Fund in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Trust Fund's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Trust or cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Trust's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting, and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information for the year ended December 31, 2024 required by the Bureau of Internal Revenue as disclosed in Note 25 to the financial statements is presented for purposes of additional analysis and is not a required part of the basic financial statements prepared in accordance with PFRS Accounting Standards. Such supplementary information is the responsibility of management. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

HERITAGE PARK PROJECT-PERPETUAL CARE FUND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - GENERAL INFORMATION

HERITAGE PARK PROJECT-PERPETUAL CARE FUND TRUST (the Trust Fund) is an irrevocable trust fund established on November 3, 1994 by virtue of the Perpetual Care Fund Trust Agreement (the PCFTA) entered into by and between the Bases Conversion Development Authority (the Trustor) and the Philippine National Bank (the Trustee). The PCFTA was entered into pursuant to the provisions of the Pool Formation Trust Agreement (PFTA) between the Bases Conversion Development Authority (BCDA) as the project owner, Public Estate Authority (PEA) as the project manager, and Philippine National Bank (PNB) as the trustee. The Pool Formation Trust Agreement defines the Perpetual Care Fund as “*a special fund to be established exclusively for the long-term maintenance of the Heritage Park, its facilities and amenities.*”

On May 5, 2021, the Perpetual Care Fund Trust Agreement was terminated, and its trustee bank was transferred from Philippine National Bank to Land Bank of the Philippines.

As owner and developer of the Heritage Park Project located in Fort Bonifacio, Taguig, Metro Manila, BCDA issued and sold to the public Heritage Park Investment Certificates (the Certificates) evidencing the right of the holder to the perpetual use of the burial lots specified therein and to the ownership of the improvements and the enjoyment of the common amenities, facilities and services and to the perpetual care and maintenance of the Heritage Park. Funds in the amount of ₱300,525,000 from the proceeds of the underwritten portion of the first tranche offering of the Certificates and an additional amount of ₱56,382,852 from the proceeds of the reserved Certificates under the first tranche offering was set aside for the perpetual care and maintenance of the Heritage Park. These funds initially constituted the Perpetual Care Fund Trust. As provided in the PCFTA, at any time after the initial contribution to the PCF Trust, and as and when BCDA issues and sells the reserved Certificates under the first tranche offering or the second tranche offering of the Certificates or any new inventories or memorial products, additional funds equivalent to 12% of the gross selling prices of the Certificates or new products shall be delivered to the Trustee which shall form part of the Perpetual Care Fund.

Approval of the Financial Statements

The financial statements of the Trust Fund for the year ended December 31, 2024, including its comparative figures as at December 31, 2023, were authorized for issue by the Management on April 3, 2025. The Management is empowered to make revisions even after the date of issue.

NOTE 2 - BASIS OF PREPARATION AND PRESENTATION

Statement of Compliance

The financial statements of the Company have been prepared in accordance with the *Philippine Financial Reporting Standard (PFRS)* Accounting Standards as approved by the Financial and Sustainability Reporting Standards Council (FSRSC). This financial reporting framework includes PFRS, Philippine Accounting Standard (PAS) and Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) and adopted by the Securities and Exchange Commission (SEC), including SEC pronouncement.

Preparation and Measurement

The Trust Fund has prepared the financial statements as at and for the year ended December 31, 2024 and 2023 on a going concern basis, which assumes continuity of current business activities and the realization of assets and settlements of liabilities in the ordinary course of business.

The financial statements are presented in Philippine Peso (₱) the currency of the primary economic environment in which the Trust Fund operates. All amounts are rounded to the nearest peso.

The financial statements have been prepared on historical cost basis, unless stated otherwise. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

A fair value measurement of a nonfinancial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or a liability, the Trust Fund uses market observable data to the extent possible. If the fair value of an asset or a liability is not directly observable, it is estimated by the Trust Fund (working closely with external qualified valuers) using valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs (e.g. by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset or liability that market participants would take into account.

Further information about assumptions made in measuring fair values is included in the following:

- Note 5 - Significant Judgments, Accounting Estimates and Assumptions
- Note 22 - Fair Value Measurement

For financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety; which are described as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Transfers between levels of the fair value hierarchy are recognized by the Trust Fund at the end of the reporting period during which the change occurred.

NOTE 3 - ADOPTION OF NEW AND REVISED ACCOUNTING STANDARDS

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following new and amended PFRS Accounting Standards which the Trust Fund adopted effective for annual periods beginning on or after January 1, 2024.

- Amendments to PAS 1, Presentation of Financial Statements - Non-current liabilities with covenants.

The amendments specify that only covenants that an entity is required to comply with on or before The end of the reporting period affect the entity's right to defer settlement of liability for at least twelve months after the reporting date (and therefore must be considered in assessing the classification of the liability as current or non-current). Such covenants affect whether the right exists at the end of the reporting period, even if compliance with the covenant is assessed only after the reporting date (e.g. a covenant based on the entity's financial position at the reporting date that is assessed for compliance only after the reporting date).

The IASB also specifies that the right to defer settlement of liability for at least twelve months after the reporting date is not affected if an entity only has to comply with a covenant after the reporting period. However, if the entity's right to defer settlement of liability is subject to the entity complying with covenants within twelve months after the reporting period, an entity discloses information that enables users of financial statements to understand the risk of the liabilities becoming repayable within twelve months after the reporting period. This would include information about the covenants (including the nature of the covenants and when the entity is required to comply with them), the carrying amount of related liabilities, and facts and circumstances, if any, that indicate that the entity may have difficulties complying with the covenants.

The amendments are applied retrospectively for annual reporting periods beginning on or after January 2024. Earlier application of the amendments is permitted. If an entity applies the amendments for an earlier period, it is also required to apply the 2020 amendments early.

- Amendments to PAS 7, Statements of Cash Flows and PFRS 7, Financial instruments: Disclosures-Supplier Finance Arrangements

The amendments add a disclosure objective to PAS 7 stating that an entity is required to disclose information about its supplier finance arrangements that enable users of financial statements to assess the effects of those arrangements on the entity's liabilities and cash flows. In addition, PFRS 7 was amended to add supplier finance arrangements as an example within the requirements to disclose information about an entity's exposure to a concentration of liquidity risk.

The term 'supplier finance arrangements' is not defined. Instead, the amendments describe the characteristics of an arrangement for which an entity would be required to provide the information. To meet the disclosure objective, an entity will be required to disclose in aggregate for its supplier finance arrangements:

- a. The terms and conditions of the arrangements

- b. The carrying amount, and associated line items presented in the entity's statement of financial position, of the liabilities that are part of the arrangements
- c. The carrying amount, and associated line items for which the suppliers have already received payment from the finance providers
- d. Ranges of payment due dates for both those financial liabilities that are part of a supplier finance arrangement and comparable trade payables that are not part of a supplier finance arrangement
- e. Liquidity risk information

The amendments, which contain specific transition reliefs for the first annual reporting period in which an entity applies the amendments, are applicable for annual reporting periods beginning on or after January 2024. Earlier application is permitted.

- Amendments to PFRS 16, Lease liability in a Sale and Leaseback

The amendments to PFRS 16 add subsequent measurement requirements for sale and leaseback transactions that satisfy the requirements in PFRS 15 to be accounted for as a sale. The amendments require the seller-lessee to determine 'lease payments' or 'revised lease payments' such that the seller-lessee does not recognize a gain or loss that relates to the right of use retained by the seller-lessee after the commencement date.

The amendments do not affect the gain or loss recognized by the seller-lessee relating to the partial or full termination of a lease. Without these new requirements, a seller-lessee may have recognized a gain on the right of use it retains solely because of a remeasurement of the lease liability (for example, following a lease modification or change in the lease term) applying the general requirements in PFRS 16. This could have been particularly the case in a leaseback that includes variable lease payments that do not depend on an index or rate.

As part of the amendments, the IASB amended an Illustrative Example in PFRS 16 and added a new example to illustrate the subsequent measurement of a right-of-use asset and lease liability in a sale and leaseback transaction with variable lease payments that do not depend on an index or rate. The illustrative examples also clarify that the liability, that arises from a sale and leaseback transaction that qualifies as a sale applying PFRS 15, is a lease liability.

The amendments are effective for annual reporting periods beginning on or after 1 January 2024. Earlier application is permitted. If a seller-lessee applies the amendments for an earlier period, it is required to disclose that fact.

A seller-lessee applies the amendments retrospectively in accordance with PAS 8 to sale and leaseback transactions entered into after the date of initial application, which is defined as the beginning of the annual reporting period in which the entity first applied PFRS 16

New and Amended PFRS and PIC Issuances in Issue But Not Yet Effective or Adopted

Pronouncements issued but not yet effective are listed below. The Trust Fund intends to apply the following pronouncement when they become effective. Adoption of these pronouncements is not expected to have a material impact on the Trust Fund's financial statements.

Effective beginning on or after January 1, 2025

contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

On December 15, 2021, the FSRSC amended the mandatory effective date of PFRS 17 from January 1, 2023 to January 1, 2025. This is consistent with Circular Letter No. 2020-62 issued by the Insurance Commission which deferred the implementation of PFRS 17 by two (2) years after its effective date as decided by the IASB.

PFRS 17 is effective for reporting periods beginning on or after January 1, 2025, with comparative figures required. Early application is permitted. Based on management assessment, this is not expected to have material impact on the financial statements of the Trust Fund.

- Amendments to PAS 21, *Lack of exchangeability*

The amendments specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking.

The amendments are effective for annual reporting periods beginning on or after January 1, 2025. Earlier adoption is permitted, and that fact must be disclosed. When applying the amendments, an entity cannot restate comparative information. Based on management assessment, this is not expected to have material impact on the financial statements of the Trust Fund.

Effective beginning on or after January 1, 2026

- Amendments to PFRS 9 and PFRS 7, Classification and Measurement of Financial Instruments

The amendments clarify that financial liability is derecognized on the 'settlement date', i.e., when the related obligation is discharged, cancelled, expires or the liability otherwise qualifies for derecognition. They also introduce an accounting policy option to identify financial liabilities that are settled through an electronic payment system before settlement date if certain conditions are met.

The amendments also clarify how to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance (ESG)-linked features and other similar contingent features.

Furthermore, the amendments clarify the treatment of non-recourse assets and contractually linked instruments. Based on management assessment, this is not expected to have any material impact on the financial statements of the Trust Fund.

- Annual Improvements to PFRS Accounting Standards-Volume 11

The amendments are limited to changes that either clarify the wording in an Accounting Standard or correct relatively minor unintended consequences, oversight or conflicts between the requirements in the Accounting Standards. The following is the summary of the Standards involved and their related amendments.

- Amendments to PFRS 1, *Hedge Accounting by a First-time Adopter*

The amendments included in paragraphs B5 and B6 of PFRS 1 cross references to the qualifying criteria for hedge accounting in paragraph 6.4.1(a), (b) and (c) of PFRS 9. These are intended to address potential confusion arising from an inconsistency between the wording in PFRS 1 and the requirements for hedge accounting in PFRS 9.

- Amendments to PFRS 7, *Gain or Loss on Derecognition*

The amendments updated the language of paragraph B38 of PFRS 7 on unobservable inputs and included a cross reference to paragraphs 72 and 73 of PFRS 13.

- Amendments to PFRS 9

a) Lessee Derecognition of Lease Liabilities

The amendments to paragraph 2.1 of PFRS 9 clarified that when a lessee has determined that a lease liability has been extinguished in accordance with PFRS 9, the lessee is required to apply paragraph 3.3.3 and recognize any resulting gain or loss in profit or loss.

b) Transaction Price

The amendments to paragraph 5.1.3 of PFRS 9 replaced the reference to 'transaction price as defined by PFRS 15 *Revenue from Contracts with Customers*' with 'the amount determined by applying PFRS 15'. The term 'transaction price' in relation to PFRS 15 was potentially confusing and so it has been removed. The term was also deleted from Appendix A of PFRS 9.

- Amendments to PFRS 10, *Determination of a 'De Facto Agent*

The amendments to paragraph B74 of PFRS 10 clarified that the relationship described in B74 is just one example of various relationships that might exist between the investor and other parties acting as de facto agents of the investor.

- Amendments to PAS 7, *Cost Method*

The amendments to paragraph 37 of PAS 7 replaced the term 'cost method' with 'at cost', following the prior deletion of the definition of 'cost method'. Based on management assessment, this is not expected to have material impact on the financial statements of the Trust Fund.

Effective beginning on or after January 1, 2027

- PFRS 18, *Presentation and Disclosure in Financial Statements*

The standard replaces PAS 1 Presentation of Financial Statements and responds to investors' demand for better information about companies' financial performance. The new requirements include:

- Required totals, subtotals and new categories in the statement of profit or loss
- Disclosure of management-defined performance measures
- Guidance on aggregation and disaggregation

Based on management assessment, this is not expected to have material impact on the financial statements of the Trust Fund.

PFRS 19, Subsidiaries without Public Accountability

The standard allows eligible entities to elect to apply PFRS 19's reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other PFRS accounting standards. The application of the standard is optional for eligible entities. Based on management assessment, this is not expected to have material impact on the financial statements of the Trust Fund.

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*.

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture.

The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial and Sustainability Reporting Standards Council deferred the original effective date of January 1, 2016, of the said amendments until the IASB completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures. Based on management assessment, this is not expected to have material impact on the financial statements of the Trust Fund.

NOTE 4 - MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies that have been used in the preparation of these financial statements are summarized below. These accounting policies information are considered material because of its amounts, nature and related amounts. These are material in understanding material information in the financial statement. These policies have been consistently applied to all the years presented, unless otherwise stated.

Financial Assets and Liabilities

Date of recognition. The Trust Fund recognizes a financial asset or a financial liability in the statements of financial position when it becomes a party to the contractual provisions of a financial instrument. In the case of a regular way purchase or sale of financial assets, recognition and derecognition, as applicable, is done using settlement date accounting.

Initial Recognition and Measurement. Financial instruments are recognized initially at fair value, which is the fair value of the consideration given (in case of an asset) or received (in case of a

liability). The initial measurement of financial instruments, except for those designated at FVTPL, includes transaction costs.

“Day 1” Difference. Where the transaction in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Trust Fund recognizes the difference between the transaction price and fair value (a “Day 1” difference) in profit or loss.

In cases where there is no observable data on inception, the Trust Fund deems the transaction price as the best estimate of fair value and recognizes “Day 1” difference in profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Trust Fund determines the appropriate method of recognizing the “Day 1” difference.

Classification

The Trust Fund classifies its financial assets at initial recognition under the following categories: (a) financial assets at FVTPL, (b) financial assets at amortized cost and (c) financial assets at fair value through other comprehensive income (FVOCI). Financial liabilities, on the other hand, are classified as either (a) financial liabilities at FVTPL or (b) financial liabilities at amortized cost. The classification of a financial instrument largely depends on the Trust Fund’s business model and its contractual cash flow characteristics.

Financial Assets and Liabilities at FVTPL

Financial assets and liabilities at FVTPL are either classified as held for trading or designated at FVTPL.

This category includes equity instruments which the Trust Fund had not irrevocably elected to classify at FVOCI at initial recognition. This category includes debt instruments whose cash flows are not “solely for payment of principal and interest” assessed at initial recognition of the assets, or which are not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell.

The Trust Fund may, at initial recognition, designate a financial asset or financial liability meeting the criteria to be classified at amortized cost or at FVOCI, as a financial asset or financial liability at FVTPL, if doing so eliminates or significantly reduces accounting mismatch that would arise from measuring these assets or liabilities.

After initial recognition, financial assets at FVTPL and held for trading financial liabilities are subsequently measured at fair value. Unrealized gains or losses arising from the fair valuation of financial assets at FVTPL and held for trading financial liabilities are recognized in profit or loss.

For financial liabilities designated at FVTPL under the fair value option, the amount of change in fair value that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income (rather than in profit or loss), unless this creates an accounting mismatch. Amounts presented in other comprehensive income are not subsequently transferred to profit or loss.

As at December 31, 2024 and 2023, the Trust Fund does not have financial assets or liabilities classified as FVTPL.

Financial Assets at Amortized Cost

Financial assets shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less allowance for credit losses, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the financial assets are derecognized and through amortization process.

As at December 31, 2024 and 2023, the Trust Fund's cash and cash equivalents and receivables are classified under this category. (Note 6 and 7)

Cash

Cash and cash equivalents comprise cash in banks and on hand and short-term highly liquid deposits with a maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

Financial Assets at FVOCI

For debt instruments that meet the contractual cash flow characteristic and are not designated at FVTPL under the fair value option, the financial assets shall be measured at FVOCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For equity instruments, the Trust Fund may irrevocably designate the financial asset to be measured at FVOCI as long as these are not held for trading purposes.

After initial recognition, Financial assets at FVOCI are presented in the financial statements at fair value with changes in fair value are recognized in Other Comprehensive Income (OCI).

Interest income on debt instruments is calculated using the effective interest method while credit losses on debt instruments measured at FVOCI are recognized directly in profit or loss. When the financial asset is derecognized, the cumulative gains or losses previously recognized in OCI are reclassified to profit or loss.

Dividends from equity instruments held at FVOCI are recognized in profit or loss when the right to receive payment is established. Cumulative changes in fair value of FVOCI equity instruments are recognized in equity and are not reclassified to profit or loss in subsequent periods.

As at December 31, 2024 and 2023, the Trust Fund's financial assets classified as FVOCI are included in this category (Note 10).

Financial Liabilities at Amortized Cost

Financial liabilities are categorized as financial liabilities at amortized cost when the substance of the contractual arrangement results in the Trust Fund having an obligation either to deliver cash or another financial asset to the holder, or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

These financial liabilities are initially recognized at fair value less any directly attributable transaction costs. After initial recognition, these financial liabilities are subsequently measured at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the liabilities are derecognized or through the amortization process.

As at December 31, 2024 and 2023, the Trust Fund's payable to general fund, accrued expense under payables and security deposits are classified under this category. (Note 13 and 19)

Reclassification

The Trust Fund reclassifies its financial assets when, and only when, it changes its business model for managing those financial assets. The reclassification is applied prospectively from the first day of the first reporting period following the change in the business model (reclassification date).

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVTPL, any gain or loss arising from the difference between the previous amortized cost of the financial asset and fair value is recognized in profit or loss.

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVOCI, any gain or loss arising from a difference between the previous amortized cost of the financial asset and fair value is recognized in OCI.

For a financial asset reclassified out of the financial assets at FVTPL category to financial assets at amortized cost, its fair value at the reclassification date becomes its new gross carrying amount.

For a financial asset reclassified out of the financial assets at FVOCI category to financial assets at amortized cost, any gain or loss previously recognized in OCI shall be recognize in profit or loss.

For a financial asset reclassified out of the financial assets at FVTPL category to financial assets at FVOCI, its fair value at the reclassification date becomes its new gross carrying amount. Meanwhile, for a financial asset reclassified out of the financial assets at FVOCI category to financial assets at FVTPL, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment at the reclassification date.

Impairment of Financial Assets

The Trust Fund records an allowance for "expected credit loss" (ECL). ECL is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Trust Fund expects to receive. The difference is then discounted at an approximation to the asset's original effective interest rate.

For receivables, the Trust Fund has applied the simplified approach and has calculated ECL based on the lifetime expected credit losses. The Trust Fund has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For debt instruments measured at amortized cost and FVOCI, the ECL is based on the 12-month ECL, which pertains to the portion of lifetime ECLs that result from default events on a financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since initial recognition, the allowance will be based on the lifetime ECL. When determining whether the credit risk of a financial asset has increased significantly since initial recognition, the Trust Fund compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Derecognition of Financial Assets and Liabilities

Financial Assets

A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the right to receive cash flows from the asset has expired;
- the Trust Fund retains the right to receive cash flows from the financial asset, but has assumed an obligation to pay them in full without material delay to a third party under a “pass-through” arrangement; or
- the Trust Fund has transferred its right to receive cash flows from the financial asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Trust Fund has transferred its right to receive cash flows from a financial asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of ownership of the financial asset nor transferred control of the financial asset, the financial asset is recognized to the extent of the Trust Fund’s continuing involvement in the financial asset. Continuing involvement that takes the form of a guarantee over the transferred financial asset is measured at the lower of the original carrying amount of the financial asset and the maximum amount of consideration that the Trust Fund could be required to repay.

Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the statements of comprehensive income.

A modification is considered substantial if the present value of the cash flows under the new terms, including net fees paid or received and discounted using the original effective interest rate, is

different by at least 10% from the discounted present value of remaining cash flows of the original liability.

The fair value of the modified financial liability is determined based on its expected cash flows, discounted using the interest rate at which the Trust Fund could raise debt with similar terms and conditions in the market. The difference between the carrying value of the original liability and fair value of the new liability is recognized in the statements of comprehensive income.

On the other hand, if the difference does not meet the 10% threshold, the original debt is not extinguished but merely modified. In such case, the carrying amount is adjusted by the costs or fees paid or received in the restructuring.

Offsetting of Financial Assets and Liabilities

Financial assets and financial liabilities are offset and the net amount reported in the statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements, and the related assets and liabilities are presented gross in the statements of financial position.

Classification of Financial Instrument between Liability and Equity

A financial instrument is classified as liability if it provides for a contractual obligation to:

- Deliver cash or another financial asset to another entity;
- Exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Trust Fund; or
- Satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Trust Fund does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

Inventories

Inventories includes pavilion niches in area 2, Taguig and terrasauleum.

These are initially measured at cost. Costs of inventory include purchase price and all incidental cost necessary to bring the inventory to its saleable condition. Subsequently, inventories are reported in the statement of financial position at the lower of cost and net realizable value. Cost is calculated using the specific identification method.

At each reporting date, inventories are assessed for impairment by comparing the carrying amount of each item of inventory with its net realizable value. If an item of inventory is impaired, its carrying amount is reduced to net realizable value, and an impairment loss is recognized immediately in profit and loss. Any reversal of impairment is recognized also in profit or loss.

Other Current Assets

Other current assets includes prepaid income taxes and input tax. Other current assets are stated in the statements of financial position at cost less any portion that has already been consumed or that has already expired.

Property and Equipment

Property and equipment are tangible assets that are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes, and are expected to be used during more than one period.

Items of property and equipment are initially measured at cost. Such cost includes purchase price and all incidental costs necessary to bring the asset to its location and condition. Subsequent to initial recognition, items of property and equipment are measured in the statement of financial position at cost less any accumulated depreciation and any accumulated impairment losses. Depreciation, which is computed on a straight-line basis, is recognized so as to allocate the cost of assets less their residual values over their estimated useful lives. Land is not depreciated.

If there is an indication that there has been a significant change in useful life or residual value of an asset, the depreciation of that asset is revised prospectively to reflect the new expectations. When assets are sold, retired or otherwise disposed of, their costs and related accumulated depreciation and impairment losses, if any, are removed from the accounts and any resulting gain or loss is reflected in profit or loss for the period.

Impairment of Non- Financial Assets

At each reporting date, non-financial assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in profit and loss

If an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but not to exceed the amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized immediately in profit and loss.

Fund and Contribution

Fund and contribution consist of initial amount allocated to Perpetual Care Fund, reserve heritage certificates, and additional contributions of 12% in relation to the sale of PCF products.

Accumulated Deficit

Accumulated deficits represent accumulated losses incurred by the Company. It includes effect of changes in accounting policy as may be required by the standard's transitional provisions and effect of correction of prior period errors.

Cumulative Unrealized Gains on Financial Assets at FVOCI

This account pertains to accumulated unrealized fair value gain on financial assets at FVOCI and the corresponding deferred tax components. Unrealized gains on financial assets at FVOCI are recognized immediately in OCI and are included in equity when realized.

Revenue

Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Trust Fund and the amount of revenue can be measured reliably. Revenue is measured by reference to the fair value of consideration received or receivable excluding discounts, returns and sales taxes. Revenue is recognized either at a point in time or over a period of time.

Sale of investment certificates

Revenue is recognized when the risks and rewards of ownership of the goods have passed to the buyer, i.e., generally when the customer has acknowledged receipts of investment certificate.

Rental income

Rental income are recognized on a straight-line basis over the lease term, detailed policy are discussed in the Trust Fund policy for leases.

Interest income

Interest income pertains to income on bank deposits. Interest income is recognized in profit and loss as it accrues, using the effective interest method.

Expenses

Expenses are decreases in economic benefits in the form of decreases in assets or increase in liabilities that result in decreases in equity, other than those relating to distributions to equity participants. Expenses are generally recognized when the services are received or when the expenses are incurred.

Operating expense

Operating expenses includes general and administrative expenses. General and administrative expenses represent expenses such as repairs and maintenance, security services, management fees and other costs that cannot be associated directly to the services rendered.

Borrowing cost

Borrowing costs include interest and other charges related to borrowing arrangements.

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are added to the cost of the assets until such time as the assets are substantially ready for their intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale,

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

Income Tax

Income tax expense includes current tax expense and deferred tax expense.

Current Tax. Current tax assets and liabilities for the current and prior period are measured at the amount expected to be recovered from or paid to the tax authority. The tax rates and tax laws used to compute the amount are those that have been enacted or substantively enacted at the reporting date.

Deferred Tax. Deferred tax is provided using the balance sheet liability method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, carryforward benefits of unused tax credits from excess minimum corporate income tax (MCIT) over the regular corporate income tax (RCIT) and unused net operating loss carryover (NOLCO), to the extent that it is probable that taxable income will be available against which the deductible temporary differences and carryforwards of unused MCIT and NOLCO can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable income will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable income will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Most changes in deferred tax assets or deferred tax liabilities are recognized as a component of tax expense in profit or loss, except to the extent that it relates to items recognized in OCI or directly in equity. In this case, the tax is also recognized in OCI or directly in equity, respectively.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to offset current tax assets against current tax liabilities and deferred taxes relate to the same taxable entity and the same tax authority.

Related Parties

Related party relationship exists when one party has the ability to control, directly, or indirectly through one or more intermediaries, the other party or exercises significant influence over the other party in making financial and operating decisions. Such relationships also exist between and/or among entities which are under common control with the reporting enterprise, or between, and/or among the reporting enterprise and its key management personnel, directors, or its major shareholders. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

Leases

A lease is a contract that conveys the right to use an identified asset for a period of time in exchange for a consideration.

Determination as to whether a contract is, or contains, a lease is made at the inception of the lease. Accordingly, the Trust Fund assesses whether the contract meets three key evaluations which are:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the lessee;
- the lessee has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract; and,
- the lessee has the right to direct the use of the identified asset throughout the period of use. The lessee assesses whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

Trust Fund as Lessor

Leases wherein the Trust Fund substantially transfers to the lessee all risks and benefits incidental to ownership of the leased items are classified as finance leases and are presented as receivable at an amount equal to the Trust Fund's net investment in the lease. Finance income is recognized based on the pattern reflecting a constant periodic rate of return on the Trust Fund's net investment outstanding in respect of the finance lease.

Leases which do not transfer to the lessee substantially all the risks and benefits of ownership of the asset are classified as operating leases. Lease income from operating leases is recognized as income in the statement of comprehensive income on a straight-line basis over the lease term.

Foreign Currency Transaction

Foreign currency transactions are initially recognized using the spot rate of exchange at the date of the transaction. Monetary assets and liabilities that are denominated in foreign currency are translated into the functional currency using the closing rate as of the reporting date. Gains and losses arising from foreign currency transactions and remeasurement of monetary assets and liabilities are recognized immediately in profit and loss.

Provisions and contingencies

Provisions are recognized when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the end of the reporting period, including risks and uncertainties associated with the present obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as an interest expense. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

Contingent assets and liabilities are not recognized in the financial statements, but are disclosed in the notes to separate financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed in the notes to statements of financial position when an inflow of economic benefits is probable.

Changes in accounting policies, change in accounting estimates and correction of prior years errors

The Trust Fund applies changes in accounting policy if the change is required by the accounting standards or in order to provide reliable and more relevant information about the effects of transactions, other events or conditions on the Trust Fund's financial statements. Changes in accounting policy brought about by new accounting standards are accounted for in accordance with the specific transitional provision of the standards. All other changes in accounting policy are accounted for retrospectively.

Changes in accounting estimates is recognized prospectively by reflecting it in the profit and loss in the period of the change if the change affects that period only or the period of the change and future periods if the change affects both.

Prior period errors are omissions from, and misstatements in, the Trust Fund's financial statements for one or more prior periods arising from a failure to use, or misuse of, reliable information that was available when financial statements for those periods were authorized for issue and could reasonably be expected to have been obtained and taken into account in the preparation and presentation of those financial statements.

To the extent practicable, the Trust Fund corrects a material prior period error retrospectively in the first financial statements authorized for issue after its discovery by restating the comparative amounts for the prior periods(s) presented in which the error occurred, or if the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for period presented.

When it is impracticable to determine the period-specific effects of an error on comparative information for one or more prior periods presented, the Trust Fund restates the opening balances of assets, liabilities and equity for the earliest period for which retrospective restatement is practicable.

Subsequent events

Subsequent events that provide additional information about conditions existing at period end (adjusting events) are recognized in the financial statements. Subsequent events that provide additional information about conditions existing after period end (non-adjusting events) are disclosed in the notes to the financial statements.

NOTE 5 - SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the financial statements in accordance with Philippine Financial Reporting Standards requires the Trust Fund to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The judgement and accounting estimates and assumptions used in the financial statements are based upon management evaluation of related facts and circumstances as at reporting date. While the Trust Fund believes that the assumptions are reasonable and appropriate, significant difference in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates.

The accounting estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

The following are the significant judgement, accounting estimates and assumptions by the Trust Fund:

Judgments

In the process of applying the Trust Fund's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the financial statements:

Assessment of Impairment of Non-financial Assets

The Trust Fund determines whether there are indicators of impairment of the Trust Fund's non-financial assets such as property and equipment, and prepayments and other current assets. Indicators of impairment include significant change in usage, decline in the asset's fair value on underperformance relative to expected historical or projected future results. Determining the fair value requires the determination of future cash flows and future economic benefits expected to be generated from the continued use and ultimate disposition of such assets. It requires the Trust Fund to make estimates and assumptions that can materially affect the financial statements. Future events could be used by management to conclude that these assets are impaired. Any resulting impairment loss could have a material adverse impact on the Trust Fund's financial position and financial performance. The preparation of the estimated future cash flows and economic benefits involves significant judgments and estimation.

No impairment loss on non-financial assets is recognized in the Trust Fund's financial statements in 2024 and 2023.

Determination of ECL on financial assets

The Company uses a provision matrix to calculate ECL for financial assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns by customer type and credit rating.

The provision matrix is based on the Company's historically observed default rates. The Company's management intends to regularly calibrate on an annual basis the matrix to consider the historical credit loss experience with forward-looking information. Details about the ECL on the Company's trade and other receivables are disclosed in Note 22.

Estimates

The following are the key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Estimation of Allowance for Credit Losses

The measurement of the allowance for Credit Losses on financial assets at amortized cost is an area that requires the use of significant assumptions about the future economic conditions and credit behavior (e.g., likelihood of customers defaulting and the resulting losses). Explanation of the inputs, assumptions and estimation used in measuring Credit Losses is further detailed in Note 22.

Determination of Net Realizable Value of Inventories

At reporting date, the Trust Fund assesses the inventories for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The factors that the Trust Fund considers important which could trigger an impairment review include significant decline in inventories' market value, obsolescence and physical damage of inventories. If such indications are present and where the cost of inventories exceeds its estimated selling price less costs to sell, an impairment loss is recognized in profit or loss.

No provisions for impairment of inventories were recognized in year 2024 and 2023.

Estimating Useful Lives of Property and Equipment

The Trust Fund estimates the useful lives of its property and equipment based on the period over which these assets are expected to be available for use. The estimated useful lives of these assets and residual values are reviewed, and adjusted if appropriate, only if there is a significant change in the asset or how it is used.

The following estimated useful lives are used in depreciating the property and equipment:

Particulars	Useful Lives
Building	20 years
Building improvement	10-20 years
Office equipment	5 years

NOTE 6 - CASH AND CASH EQUIVALENTS

This account consists of:

	2024	2023
Cash in bank	₱ 7,331,133	₱ 10,540,329
Cash equivalents	161,197,653	162,686,784
Cash on hand	25,000 ✓	25,000
	₱ 168,553,786	₱ 173,252,113

Cash in banks earn interest at the respective bank deposit rates. Cash equivalents are short-term placements which are made for varying periods of between one month and three months depending on the immediate cash requirements of the Trust Fund, and earn interest ranging from 0.125% to 1.63% per annum. Cash and cash equivalent are unrestricted and available for current operation. Interest earned from these financial assets amounted to ₱7,084,173 and ₱4,141,654 in 2024 and 2023, respectively (Note 16).

NOTE 7 - RECEIVABLES

This account consists of:

	2024	2023
Receivable from general fund	₱ 25,514,224	₱ 25,514,224
Utilities recovery	3,116,173	3,295,084
Accrued interest receivables	3,691,748	3,391,309
Receivable from sale of HPICs	496,757	517,016
Interment share receivables	660,800	526,400
Transfer fees	14,000	93,000

Rental fee receivables	-	29,329
	P 33,493,702 ✓	P 33,366,362

Receivable from the general fund is associated with the construction of the Pavilion and Area 2 advanced by PCF.

Utilities recovery pertains to the billed share of RMMI and The Fort Park Estate Inc. for the use of water and electricity.

Accrued interest receivables are interest earned but not yet received from interest-bearing financial assets held by the Trust Fund.

Rental fee receivables pertain to unpaid rental from Safeguard DNA Diagnostic Inc. on space rental last 2022.

Interment share receivables pertain to the receivable from RMMI for the trust fund share on every interment made. This amounts to ₱10,000 per interment.

All of the Trust Fund's receivables have been reviewed for indicators of impairment. Management believes that none of the receivables are impaired.

NOTE 8 - INVENTORY

This account consists of:

<u>Location</u>	<u>2024</u>	<u>2023</u>
Pavilion niches	P 91,531,747	P 93,483,168
Area 2	25,049,166	25,049,166
Taguig area	61,714,286	61,714,286
Terrasauleum	60,260,930	60,260,930
	P 238,556,129 ✓	P 240,507,550

Details per plan/lot/service of inventory is as follows.

	<u>2024</u>	<u>2023</u>
Niches	P 91,885,426	P 93,836,847
Estate	117,205,944	117,205,944
Garden	19,846,203	19,846,203
Lawn	2,253,857	2,253,857
Cremation Plot	7,364,699	7,364,699
	P 238,556,129 ✓	P 240,507,550

The total number of investment certificates for each location are as follows:

	<u>2024</u>	<u>2023</u>
Pavilion niches	8,324	8,620
Area 2	554	554
Taguig area	36	36
Terrasauleum	114	114
	9,028	9,324

Heritage Park Investment Certificates evidence the right of the holder to the perpetual use of the burial lots/niches specified in the certificates and the ownership of the improvement and the enjoyment of the common amenities, facilities and services and to the perpetual care and maintenance of Heritage Park.

NOTE 9 - OTHER CURRENT ASSETS

This account consists of:

	2024	2023
Input VAT	P 25,617,570	P 27,369,932
Prepaid income tax	15,575,521	13,948,001
Miscellaneous	253,162	464,572
	<u>P 41,446,253</u>	<u>P 41,782,505</u>

Input VAT pertains to accumulated Value Added Tax on purchases of goods and services.

Prepaid income tax pertains to accumulated creditable taxes withheld from income payments. This amount can be claimed as credit to Trust Fund's income tax liability.

Miscellaneous pertains to utility bill deposit refundable with MERALCO and Deferred Input VAT.

Movement of prepaid income tax is as follows:

	2024	2023
Beginning balance	P 13,948,001	P 16,886,995
Addition for the year	1,627,520	2,762,457
Income tax expense	-	(5,701,451)
Ending balance	<u>P 15,575,521</u>	<u>P 13,948,001</u>

NOTE 10 - FINANCIAL ASSET THROUGH FVOCI

This account consists of investments which are stated at fair value with details as follows:

	2024	2023
Fixed rate treasury notes (FXTNs)	P 61,453,049	P 66,684,736
Republic of the Philippines (ROP) Dollar bonds	129,671,407	128,170,075
	<u>P 191,124,456</u>	<u>P 194,854,811</u>

FXTNs treasury notes are subject to 18.25% interest rate with maturity date on November 29, 2025.

Investment in ROP dollar bond has a fair value of \$2,235,428 and \$2,379,539 converted into peso using the BSP exchange rate of Php58.01 to 1USD and Php55.567 to 1USD as of December 31, 2024 and 2023, respectively. The two bonds are subject to 5.5% that will mature on March 30, 2026 and 10.625% interest rate which will mature on March 16, 2025.

Interest income recognized from these investments in 2024 and 2023 amounts to P5,356,757 and P5,040,806, respectively (Note 16).

NOTE 11 - PROPERTY AND EQUIPMENT - NET

A reconciliation in the carrying amounts at the beginning and end of 2024 and 2023, of property and equipment is shown below:

2024

	Buildings	Building improvements	Office equipment	Total
Costs				
January 01, 2024	P 65,607,788	P 64,025,056	P 252,891	P 129,885,735
Additions	-	5,563,927	-	5,563,927
Disposals	-	-	-	-
December 31, 2024	65,607,788	69,588,983	252,891	135,449,662
Accumulated depreciation				
January 01, 2024	65,607,788	39,613,567	117,260	105,338,615
Depreciation expense		2,257,367	60,842	2,318,209
Disposals	-	-	-	-
December 31, 2024	65,607,788	41,870,934	178,102	107,656,824
Carrying amount				
December 31, 2024	P -	P 27,718,049	P 74,789	P 27,792,838
Carrying amount				
December 31, 2023	P -	P 24,411,489	P 135,631	P 24,547,120

2023

	Buildings	Building improvements	Office equipment	Total
Costs				
January 01, 2023	P 65,607,788	P 63,432,056	P 165,285	P 129,205,129
Additions	-	593,000	87,606	680,606
Disposals	-	-	-	-
December 31, 2023	65,607,788	64,025,056	252,891	129,885,735
Accumulated depreciation				
January 01, 2023	65,607,788	37,661,195	66,724	103,335,707
Depreciation expense		1,952,372	50,536	2,002,908
Disposals	-	-	-	-
December 31, 2023	65,607,788	39,613,567	117,260	105,338,615
Carrying amount				
December 31, 2023	P -	P 24,411,489	P 135,631	P 24,547,120
Carrying amount				
December 31, 2022	P -	P 25,770,861	P 98,561	P 25,869,422

The carrying values of the property and equipment approximate their fair values. The Trust Fund has not entered into contractual commitment for the acquisition of property and equipment as at December 31, 2024 and 2023. None of the Trust Fund's properties and equipment are used as collateral for loans or any liabilities.

NOTE 12 - OTHER NON-CURRENT ASSET

Other non-current asset pertains to the Geographic Information System database of the Trust Fund which is under development stage. This amounts to ₱2,600,000 as of December 31, 2024 and 2023.

NOTE 13 - PAYABLES

This account consists of:

	2024	2023
Payable to general fund	₱ 92,409,443 ✓	₱ 92,409,443
Accrued expenses	8,661,489	6,949,205
Withholding tax payable	379,824 ✓	495,076
Deferred VAT output	-	423,132
	<u>₱ 101,450,756</u>	<u>₱ 100,276,856</u>

Payable to general fund pertains to funds to be remitted to the General Fund as a result of the variation agreement between HPMC and RMMI signed June 27, 2014 (Note 21).

Accrued expenses are incurred expenses but not paid as of reporting period.

Details of accrued expenses are as follow:

	2024	2023
Repairs and maintenance	₱ 6,138,087	₱ -
Utilities	1,382,267	1,421,111
Trustee fees	355,256	357,182
Security services	572,617	1,637,114
Professional fee	213,262	245,400
Maintenance fee	-	3,288,398
	<u>₱ 8,661,489</u>	<u>₱ 6,949,205</u>

Withholding tax payable pertains to expanded withholding tax that are due for remittance in the succeeding period.

Deferred VAT Output is the tax component of uncollected receivables. These will be remitted once collected.

NOTE 14 - UNEARNED REVENUES

Details of this account are as follows:

	2024	2023
Current portion of unearned revenues	₱ 1,106,210	₱ 1,053,533
Non-current portion	-	-
	<u>₱ 1,106,210</u>	<u>₱ 1,053,333</u>

Movement of unearned revenues follows:

	2024	2023
Beginning of the year	₱ 1,053,533	₱ -
Additions	13,274,520	5,267,666
Amortization	(13,221,843)	(4,214,133)
Balance at the end of year	<u>₱ 1,106,210</u>	<u>₱ 1,053,533</u>

This account pertains to advance rental received from Pilipinas Shell Petroleum Corporation for the lease of the Trust Fund's property located a C-5 Road South bound, Fort Bonifacio, Taguig City (Note 20).

NOTE 15 - FUNDS AND CONTRIBUTION

Details of this account are as follows:

	2024	2023
Initial amount allocated to PCF	P 300,525,000	P 300,525,000
Reserve heritage certificates	56,382,852	56,382,852
Additional contributions	477,866,038	475,455,477
	P 834,773,890	P 832,363,329

The Trust recognized additional contributions of P46,517,706 in 2015. These are proceeds from prior years transactions received during the period as a result of the settlement of accounts between RMMI and HPMC as agreed upon in the compromise agreement (Note 21). These are Perpetual Care Fund contributions of 12% in relation to the sale of PCF products, lots in Area 2, CDA and Pavilion.

NOTE 16 - REVENUES

Details of revenues are as follows:

	2024	2023
Rental	P 20,576,157	P 19,630,625
Other income, net	49,154,924	70,437,516
Interest income from:		
Savings account (Note 6)	561	5,952
CTD/PSA/Treasury bills (Note 6)	7,083,612	4,135,702
FXTN/Bonds (Note 10)	5,356,757	5,040,806
	P 82,172,011	P 99,250,601

Details of other income (losses) are as follows:

	2024	2023
Sale of pavilion niches*	P 15,731,698	P 17,784,542
Share on utilities	11,124,359	12,767,050
Share on interment	6,030,000	5,960,000
Foreign exchange gains (losses)	5,757,653	(1,637,748)
Income from transfer fees	5,210,268	7,014,286
Income from penalties	3,407,055	-
Share on sale of oil products	1,893,892	1,752,156
Sale of lots	-	26,797,230
	P 49,154,924	P 70,437,516

*sale of pavilion niches is net of cost of sale amounting to P1,951,422 and P2,058,673 in 2024 and 2023, respectively.

NOTE 17 - EXPENSES

Details of expenses are as follows:

	2024	2023
Repairs and maintenance	P 23,381,975	P 18,524,503
Light and water	16,578,145	18,063,779
Security services	13,482,422	12,636,095
Management fee	8,400,000	8,400,000
Professional fees	4,649,924	4,140,737
Commission	3,615,991	7,540,982
Depreciation	2,318,209	2,002,908
Trust fee	1,468,800	1,305,233
Appropriated operating funds	1,335,000	1,017,500
Taxes and licenses	701,499	-
Miscellaneous	557,279	77,150
	<u>P 76,489,244</u>	<u>P 73,708,887</u>

NOTE 18 - INCOME TAX

Under Section 60 of National Internal Revenue Code 1997, as amended by Republic Act 10963, the tax imposed upon individuals shall apply to income of estates or of any kind of property held in trust. Regular Corporate Income Tax and Minimum Corporate Income Tax is not applicable to taxable income of the trust fund. Trust Fund is subjected to graduated income tax table as applied to an individual.

The reconciliation of tax on pre-tax income computed at statutory tax rates to expense are as follows:

	2024	2023
Income before income tax	P 5,682,767	P 25,541,714
Nondeductible expenses	239,499	-
Interest income subject to final tax	(12,440,930)	(9,182,460)
Unrealized foreign exchange loss	(5,757,653)	1,637,748
Total taxable income	<u>(12,276,317)</u>	<u>17,997,002</u>
Ceiling	-	8,000,000
Excess subject to 35%	-	9,997,002
	-	3,498,951
Tax due 8M bracket	-	2,202,500
Total tax due	<u>-</u>	<u>5,701,451</u>
Less:		
Tax withheld	-	-
Prior years excess credits	(13,948,001)	(16,886,995)
Creditable withholding tax	(1,627,520)	(2,762,457)
Excess tax credit (Note 9)	<u>P (15,575,521)</u>	<u>P (13,948,001)</u>

NOTE 19 - OTHER COMPREHENSIVE INCOME

This account pertains to increases (decreases) in the fair values of the investments held by the Trust Fund during a given period. As at December 31, 2024 and 2023, net unrealized gain on

FVOCI investments reported under equity amounted to ₱42,866,713 and ₱41,310,516, respectively.

Breakdown of this account is as follows:

	2024	2023
Fixed rate treasury notes (FXTNs)	₱ 31,445,772	₱ 33,015,463
Republic of the Philippines (ROP) dollar bonds	11,420,941	8,295,053
	<u>₱ 42,866,713</u>	<u>₱ 41,310,516</u>

NOTE 20 - LEASE AGREEMENT

On August 13, 2014, the Trust Fund entered into lease agreement through its representative Heritage Park Management Corporation (HPMC) with Pilipinas Shell Petroleum Corporation (SHELL). The Trust Fund leased to SHELL a portion of the parcel of land located along C-5 Road Southbound, Fort Bonifacio, Taguig City, containing an area of Two Thousand Seven Hundred Twenty-Five (2,725) square meters, more or less, as site for full service gasoline station. The term of the lease agreement is Twenty (20) years commencing in February 2017. The fixed amount of rent is ₱288.50 per square meter per month and subject to escalation rate of 5% per annum starting on the second year.

The agreement provides for the payment of security deposit amounting to ₱10,094,326 in 2024 and 2023. Additional requirement of the agreement is the payment of advance rental equivalent to the fixed rent for the first (1st) year of the contract and second (2nd) to fifth (5th) year inclusive of the annual 5% escalation rate (Note 14).

Total rent income earned from this lease agreement which is presented under the statements of comprehensive income amounts to ₱20,576,157 and ₱19,630,625 in 2024 and 2023, respectively.

This lease agreement also provided terms for the monthly additional lease fees in form of a fixed share and percentage of revenue on oil products. Total share on oil products earned from this lease agreement which is presented under the statements of comprehensive income amounts to ₱1,893,892 and ₱1,752,156 in 2024 and 2023, respectively.

Future minimum lease receivables under such operating lease are as follows:

	2024	2023
Not later than one year	₱ 15,548,882	₱ 14,808,459
Later than one year but not later than five years	90,213,257	85,917,388
Later than five years	141,731,382	161,576,133
	<u>₱ 247,493,521</u>	<u>₱ 262,301,980</u>

NOTE 21 - VARIATION AGREEMENTS

On June 27, 2014, the Trust Fund through its representative Heritage Park Management Corporation (HPMC) entered into variation agreement with Rosehills Memorial Management Philippines, Inc. (RMMI).

The following are the more significant terms and conditions of the agreement:

- *Settlement of Arbitral Award.* The parties agreed to abide by, respect and settle the arbitral awards. Whereas HPMC will pay the amount of ₱186,060,253 to RMMI for management and maintenance fee and on the other hand RMMI will remitted back the amount of

₱87,086,561 to HPMC for the over remittance of operating fund “management and maintenance fund”.

- *Settlement of Fees Due Up to December 2013.* The parties further agree that the management and maintenance fee due to RMMI for the period June 2012 to December 2013 shall be ₱2,500,000.
- *Management Fee.* HPMC agrees to pay RMMI a management fee of ₱700,000 a month for the overall management and maintenance of the Park. The amount shall be subject to escalation every two years, at a rate that shall be agreed upon by both parties and subject to regular review.
- *Earning/Income of PCF.* The parties hereby agree that ₱10,000 of the payment for every interment conducted in the Park shall be remitted to and shall constitute earnings of income of the Perpetual Care Fund established for the long-term maintenance of the Park. The amount shall be subject to escalation in the same manner of the management fee.
- *Additional Park Lease Payments.* The parties agree that RMMI shall pay, for all areas or lots situated at the Park utilized by it as of the date of execution of the Agreement that are related or attributable to the park maintenance, a nominal or concessional lease payment in the amount of ₱10,000 monthly. For areas or lots situated at the Park that RMMI utilizes as of the execution of this Agreement that are solely devoted to the business enterprise of RMMI and are in no way related to the upkeep and maintenance of the Park, RMMI shall pay a standard lease payment in the amount of ₱50,000 monthly. These leases shall be paid and remitted to the Perpetual Care Fund as earnings or income of the Perpetual Care Fund.

NOTE 22 - FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Market Risk

The Trust Fund is exposed to market risk through its use of financial instruments and specifically to foreign currency risk and interest rate risk which result from both its operating, investing and financing activities.

Foreign Currency Risk

The Trust Fund’s exposure to the risk for changes in foreign exchange rates relates primarily to the Trust Fund’s dollar denominated deposits.

The following table shows the Trust Fund US dollar- denominated monetary financial assets and their Philippine peso equivalent:

	2024		2023	
	Peso Equivalent	Amount in Foreign Currency	Peso Equivalent	Amount in Foreign Currency
Financial asset at amortized cost:				
Cash and cash equivalents	₱ 24,596,240	\$ 424,000	₱ 13,936,806	\$ 250,811

For purposes of restating the outstanding balances of the Trust Fund’s foreign currency-denominated financial assets and liabilities as at December 31, 2024 and 2023, the exchange rate applied was ₱58.01 and ₱55.567 per US\$1, respectively.

The following table demonstrates the sensitivity to a reasonably possible change in the US dollar exchange rate, with all other variables held constant, of the Trust Fund's income before tax for the years ended December 31, 2024 and 2023 (due to changes in the fair value of financial assets and liabilities). There is no other impact on the Trust Fund's equity other than those already affecting profit or loss.

	Increase/Decrease in Exchange Rate	Effect on Income before Tax
December 31, 2024	+2.44	₱ 1,034,560
	-2.44	-1,034,560
December 31, 2023	+0.55	₱ 138,698
	-0.55	-138,698

Interest Rate Risk

The Trust Fund's exposure to the risk for changes in interest rates relates primarily to the Trust Fund's bank accounts with local financial institutions with fixed interest rate. In 2024 and 2023, The Trust Fund has no established policy in managing interest rate risk. Management believes that fluctuations on the interest rates will not have significant effect on the Trust Fund's financial performance.

Liquidity Risk

The Trust Fund's exposure to liquidity risk is minimal. The Trust Fund's objective is to maintain a balance between continuity of funding. In addition, the Trust Fund regularly evaluates its projected and actual cash flows.

The following table presents the maturity profile of the Trust Fund's financial liabilities as at December 31, 2024 and 2023 based on contractual undiscounted payments.

		December 31, 2024							
		Within 1 Year	1 to 2 Years	2 to 3 Years	3 to 5 Years	More than 5 Years	No fixed maturity date	Total	
Payables*		₱8,661,489	₱ -	₱ -	₱ -	₱ -	₱ 92,409,443	₱ 101,070,932	
Security deposit		-	-	-	-	10,094,326	-	10,094,326	
		₱8,661,489	₱ -	₱ -	₱ -	₱ 10,094,326	₱ 92,409,443	₱ 111,545,082	

		December 31, 2023							
		Within 1 Year	1 to 2 Years	2 to 3 Years	3 to 5 Years	More than 5 Years	No fixed maturity date	Total	
Payables*		₱ 6,949,205	₱ -	₱ -	₱ -	₱ -	₱ 92,409,443	₱ 99,358,648	
Security deposit		-	-	-	-	10,094,326	-	10,094,326	
		₱ 6,949,205	₱ -	₱ -	₱ -	₱ 10,094,326	₱ 92,409,443	₱ 109,452,974	

* Amounts are exclusive of nonfinancial liabilities amounting to ₱379,824 and ₱918,208 as at December 31, 2024 and 2023, respectively.

Credit Risk

Credit risk is the risk that a counterparty may fail to discharge an obligation to the Trust Fund. The Trust Fund is exposed to this risk for various financial instruments arising from services to customers and certificate holders; placing deposits with banks; and, investing in bonds and treasury bills that are carried at FVOCI.

The Trust Fund continuously monitors defaults of customers and other counterparties, identified either individually or by group, and incorporate this information into its credit risk controls. The Trust Fund's policy is to deal only with creditworthy counterparties. In addition, for a significant proportion of sales, advance payments are received to mitigate credit risk.

With respect to credit risk arising from other financial assets of the Trust Funds, which comprise cash and cash equivalents and receivables, the Trust Fund's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments. The Trust Fund limits its exposure to credit risks by depositing its cash only with financial institutions duly evaluated and approved by the Management. The Trust Fund's exposure on rental deposit is minimal since no default in payments were made by the counterparties.

The table below shows the maximum exposure to credit risk for the components of the statements of financial position. The maximum exposure is shown at gross amount, without taking into account collateral and other credit enhancement.

	2024		2023
Cash and cash equivalents	P 168,528,786	P	173,227,113
Receivables	33,493,702		33,366,362
	P 202,022,488	P	206,593,475

The credit quality of the financial assets is managed by the Trust Fund using the internal credit quality ratings. High grade accounts consist of receivables from debtors with good financial condition and with relatively low defaults. Financial assets having risks of default but are still collectible are considered standard grade accounts. Receivables that are still collectible but require persistent effort from the Trust Fund to collect are considered substandard grade accounts.

None of the Trust Fund's financial assets are secured by collateral or other credit enhancements, except for cash and cash equivalents as described below.

Cash

The credit risk for cash and cash equivalents is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Included in the cash and cash equivalents are cash in banks and short-term placements which are insured by the Philippine Deposit Insurance Corporation up to a maximum coverage of P500,000 for every depositor per banking institution.

Receivables

The Trust Fund applies the PFRS 9 simplified approach in measuring ECL which uses a lifetime expected loss allowance for all receivables.

To measure the expected credit losses, receivables have been grouped based on shared credit risk characteristics and the days past due (age buckets). The other receivables relate to receivables from both third and related parties other than trade receivables and have substantially the same risk characteristics as the receivables. The Trust Fund has therefore concluded that it is not necessary to provide allowance for expected credit loss due to the nature of its receivables.

Capital Management

The primary objective of the Trust Fund's capital management is to ensure that it maintains strong and healthy financial position to support its current business operations and drive its expansion and growth in the future.

The Trust Fund considers its net equity totaling ₱590,915,872 and ₱599,485,746 as at December 31, 2024 and 2023, respectively as its capital employed. The Trust Fund maintains its current capital structure, and will make adjustments, if necessary, in order to generate a reasonable level of returns over the long term. No changes were made in the objectives, policies or processes during the years ended December 31, 2024 and 2023.

Fair Value Measurement

The following table presents the carrying amounts and fair values of the Trust Fund's assets and liabilities measured at fair value and for which fair values are disclosed, and the corresponding fair value hierarchy:

		2024		
		Fair Value		
		Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Note	Carrying Amount			
Assets for which fair values are disclosed:				
Cash and cash equivalents	6	₱168,528,786	₱168,528,786	
Receivables	7	33,493,702	33,493,702	
		₱202,022,488	₱202,022,488	
Liabilities for which fair values are disclosed:				
Payables*	13	₱101,070,932	₱101,070,932	
Security deposit	20	10,094,326	10,094,326	
		₱111,545,082	₱111,545,082	

		2023		
		Fair Value		
		Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Note	Carrying Amount			
Assets for which fair values are disclosed:				
Cash and cash equivalents	6	₱ 173,227,113	₱ 173,227,113	
Receivables	7	33,366,362	33,366,362	
		₱ 206,593,475	₱ 206,593,475	
Liabilities for which fair values are disclosed:				
Payables*	13	₱ 99,358,648	₱ 99,358,648	
Security deposit	20	10,094,326	10,094,326	
		₱ 109,452,974	₱ 109,452,974	

The carrying amounts of cash and cash equivalents, receivables, payables, and security deposit approximate their fair values due to the short-term nature of these transactions.
